

CustomSelect Insoles

The best tailored **insole**
to **fit** and **support** your customer's feet.

Unsurpassed Selection. Amfit's CustomSelect pre-formed insoles has over 70 different styles made up of multiple sizes, four arch heights and four heel widths. By taking your customers' basic foot measurements with a Brannock Device, Digitizer, or Custom Selector, you can select the best pre-formed insole to fit their feet.

Fit is Everything. Amfit's molded contour shape cradles the foot with integrated arch support. The result is long-term comfort, reduced foot pain, biomechanical balance, and even weight distribution.

CustomSelect Stand.

If you don't have room on your walls to hang the boxes then you can purchase Amfit's attractive CustomSelect Stand.

Reasonably priced, it comes with the Custom Selector and 60 SKUs.
